Perfect time to go on the History and Hauntings of Downtown Phoenix Walking Tour with fellow writers! [Marshall Shore](#) and [Debe Branning-Author page](#) filled us in on some of the characters that gave Phoenix character. And yes, there are still buildings that have managed to survive the perils of being a parking lot.

We writers will have more stories to tell!

Oh, if these buildings could talk!

One of the murals that tells its own story

Hotel San Carlos, the perfect place to stay to soak up Phoenix history. <https://www.hotelsancarlos.com/photos>

What would downtown be without a YMCA!!

The majestic Orpheum Theatre, the intimacy and feeling of stepping into a bygone era makes this one of my go-to places for a show.
